AMINO ACIDS
CHEN • THE AROUSAL

CHEN • THE AROUSAL
The amino acids contained in this formulation are required for the production of creatine phosphate, which acts as the store in the muscle of "instant energy". This creatine must be continually replaced and, in order to do this, the amino acids Arginine, Methionine and Glycine must be supplied together and in sufficient quantity.

INSTRUCTIONS
Energy: 1/2-1 teaspoon 20-30 minutes before activity.
Mix into fruit juice or water.
Australian Made Australian Owned
AUST R 19038
Store below 25°C
